

Mynydd Cleaning & Maintenance and Hafoty Farm Cottages - Working Together to Protect Guests

The health and wellbeing of guests is of paramount importance to Mynydd Cleaning & Maintenance and Hafoty Farm Cottages.

To ensure your safety we have increased our cleaning regime, extended the amount of time spent cleaning each property and invested in EN14476 certified chemicals, proven to neutralise Coronavirus. Prior to your stay at Hafoty your cottage will be cleaned throughout by fully trained, professional cleaners. Our cleaners all wear clean uniform with PPE including disposable medical grade masks, gloves and aprons. Cleaning schedules have been implemented to ensure all surfaces and 'touch points' are cleaned and sanitised.

Mynydd Cleaning & Maintenance are doing all they can to support Hafoty to ensure you have an enjoyable holiday in a clean and safe environment.

For more information in relation to our cleaning and coronavirus, visit our website:
